

When flood waters reached Kirkstall Road on the 26th of December, no one could predict how many homes and businesses would suffer or just how much damage would take place. Police say West Yorkshire had experienced it's worst flooding in 70years.

Water rose and completely filled our basement with everything in it and continued rising until approximately 30cm above ground level.

We are thankful that everyone in 155 Kirkstall Road was safe, even though our newest Pastor and his young family had to vacate the building that evening whilst the water was near waist high level.

Since then, many Servicemen, women and volunteers have been helping us to painstakingly strip out and clear our building of all contents that was damaged. It will take weeks and possibly months before we will have full use of the building again; however long it takes for the building to dry and recover from the water damage.

We would like to thank our community and all of you who have been supporting us through this time. We have been blessed to be able to meet at Moortown Baptist Church for our Sunday services and Hyde Park Methodist for our weekly meetings. Above all, we look to the Lord for unity, vision and direction as a Church. The Lord is sovereign and surely He has a higher purpose in all these things. We pray that we may be a blessing to our community and a light to those around us.

And we know that in all things God works for the good of those who love him, who have been called according to his purpose. Romans 8:28

Thank you for your support and prayers. May we seek His Kingdom and His glory first, as we strive to work together in humility and harmony for His name's sake.

Please also remember the many people who are suffering across the UK due to recent floods. Our hearts and prayers go out to them too.

We shall keep you updated.

Love, LCCC
